Donaldson TopSpin will extend main element life, boost system efficiency and extend engine life. The see-through unit lets you view the TopSpin in operation. During operation it extends air filter life, reducing operating costs and it separates more than 99% of 20 Micron and above particles before the air flow reaches the main air filter element.

We can also offer Donaspin (PLH) and Strata (PCH) pre-cleaners as well as Fleetguard Visi-bowl, Sy Clone & Kleen Air pre-cleaners.
